## TRUST MONEY

Being Used by Republicans to Buy the Presidency.

**Democratic National Committee Issues a Statement, Wherein are Asked Several Pertinent and Not-to-Be-Dodged Questions.**

New York, Nov. 7.—The Democratic National committee today gave out for publication a formal and final statement. It is addressed to "Democratic and Independent Voters," and reads as follows:

"This Committee has conducted a National canvass in a manner, it believes, befitting the dignity and integrity of the American people. It has advanced no imaginative claims respecting results, and has not accepted, for use in the campaign, a single dollar from the tariff-trusts, whose exactions have so greatly increased the cost of every necessary of life, and which are now contributing from their gains great sums of money to perpetuate Republican rule.

"The Democratic candidate, if elected, will be absolutely free from obligation, direct or implied, to any person or group of persons other than the whole people, who shall have entrusted to him the maintenance of the welfare of the Republic.

"This committee asks for itself only so much credit as such conduct of a canvass may merit; but it does feel that both the party and the country are to be congratulated upon the fact that out of discordance of weakness has been wrought a union of strength.

"The difficulties attendant upon this achievement are well understood. At every turn, by every conceivable method, in every doubtful district of every doubtful state, the efforts which we maintain to have been at least patriotic, and know to have been creditable to both the candidate and this committee, has been met by an avalanche of money.

"The source of supply of this great Republican campaign fund is no longer a matter of suspicion. The Republican candidate declared, with great vehemence, that he had promised nothing more than what he may be pleased to consider 'a square deal' in return for campaign contributions.

"The Republican chairman, he vigorously asserted, had assured him more than once that there had been no necessity for making direct pledges—that it had been found possible to obtain all the money needed up to that time, at any rate, without doing so.

"Neither he nor his chairman denied that contributions had been accepted from the trusts, for the simple reason that the fact was undeniable, and each knew that it was susceptible of overwhelming proof.

"The payments were 'voluntary,' not forced; such, and such alone, was the burden of denials which were virtual admissions.

"The only question remaining was how much had been considered necessary."

"Fortunately, even this information was forthcoming. Simultaneously with the preparation of the most extraordinary temperamental document, in-

dicative of the keenest desperation, which has ever emanated from the White House, the candidate's most intimate and trusted adviser, the former secretary of war, just returned from Washington, was uttering another and more detailed 'defense' of his chief in this city.

"The mere fact of contributions held to be inoffensive. His chief pride was in the great work accomplished for so small an expenditure.

"The fact is," he proudly declared, "that it is the smallest fund we have had for 12 years—about one-half the Republican fund when McKinley was elected in 1896.

"That fund, it is well known, was approximately \$10,000,000. Accepting these figures as correct, therefore, the Republican chairman has had only about \$5,000,000 at his disposal.

"The chain is complete—the trust contributions not denied by either the candidate or the chairman, unequivocally admitted and the amount plainly stated by the former secretary of war.

"Five million dollars is the sum. More could have been had if needed, but under the present chairman's more careful direction that was deemed sufficient.

"But why did the trusts contribute to the Republican canvass? 'They were asked,' says the outspoken former secretary.

"Did they think they were buying a presidency? 'Or were they content with the assurance from the Republican candidate of 'a square deal?'

"In either case, open their own testimony, the Republican candidate stands today before his fellow countrymen as one willing and eager to accept for himself a presidency that has cost projected monopolies the great sum of five million dollars.

"Can five million dollars of trust money buy a presidency? "Can this sum, great as it is, contribute in the hope of favors to be returned, and gratefully accepted as a necessary means for the gratification of personal ambition, suffice to thwart the will of the American people.

"We cannot, will not, and do not believe it. Moreover, we have the cheering intelligence to convey to all Democrats, independent and patriotic citizens, that the most recent and thorough canvass of the doubtful states are absolutely convincing that Judge Parker will be elected.

"Fully appreciating the fact that within 48 hours the actual result will be known, and keenly sensible of the responsibility we assume, we declare our positive belief that the Democratic candidates will receive at least 270 votes in the electoral college.

"We appeal to all patriotic citizens to do their duty by their country and participate in the triumph of an unpurchasable people."

## AIRSHIPS

TO COMPETE FOR PRIZE AT THE ST LOUIS FAIR

Unless Weather Prevents, the Big Event Will Take Place With Five Airships Entered.

St. Louis, Nov. 7.—Unless the weather conditions interfere, the greatest demonstration of airships in the history of the world will take place at the world's fair aeronautic course, beginning this afternoon. Housed in the aerodrome are five flying machines, embodying as many different principles and varying in size from the monster airship invented and built by Hippolyte Francois of Paris, France, with its immense gas bag containing 65,000 cubic feet of hydrogen gas, to the comparatively small balloon belonging to A. L. Reynolds of Los Angeles, Cal., which, when fully inflated, has a capacity of only 3,000 cubic feet. In principle of propulsion the airships vary as widely as they do in size. The first flight is scheduled today in the contest for the grand prize of \$100,000 offered by the Louisiana Purchase Exposition company.

The engine of the first steamer that ever crossed the Atlantic have been recovered off the coast of Cork, after more than 50 years' immersion.

In 1859 steps were first taken to establish a commercial high school at Kobe, Japan. It is to be completed by the end of 1904, and some instruction was begun March 15, 1903.

## UNANIMOUS

Was Vote by Which the Textile Workers Turned Down Committee Recommendations.

Fall River, Mass., Nov. 7. — By a unanimous vote the textile council refused to adopt the recommendation of its executive committee that a committee of five be appointed to verify the statements of the cotton mill manufacturers that they were unable to pay the rate of wages in force before the strike of nearly 26,000 operatives was declared 16 weeks ago. Another conference will be held between the executive committee of the textile council and the manufacturers' committee, at which time a new proposition for the settlement of the strike will be taken up.

**Father Killed in a Scuffle.**  
Detroit, Mich., Nov. 7. — Edward Howard, a patternmaker, was shot and instantly killed by his son Arthur, 21, while the elder man had his wife and daughter pinned to the floor by their throats. He had been drinking and had quarreled with Mrs. Howard because she would not give him more money. The shooting, it is claimed by the son and mother, was accidental. Mrs. Howard says her husband has been a heavy drinker for a number of years, and his habits caused them to leave their home in Manchester, England. Howard, Sr., lived but a few moments, the bullet having entered his loin. Young Howard is under arrest.

Fire damaged the new Dobson hotel at Akron, O., to the extent of \$50,000.

## RIVAL

Managers are Confident of Victory

STATEMENTS ON OUTLOOK ARE ISSUED

On Tuesday the Ballots Will Settle the Contest.

PARTY CLAIMS AND THE FIGURES

Closs of the Campaign in New York, Indiana, New Jersey and Other Contested States.

New York, Nov. 7.—There was no extreme activity about political headquarters, but the managers were alert and watching the close of the campaign with great interest. The Democratic national committee issued a statement claiming with confidence the election of Judge Parker, and also making assertions about the campaign fund of the Republican party. Chairman Cortelyou, although shown a copy of the statement, would make no comment further than to repeat the claim made Saturday night that Mr. Roosevelt would have 314 votes in the electoral college. The Democrats claim 270 votes.

About the hotels where politicians usually gather, and where great interest is shown on the eve of an election, there was the same quiet that has marked the progress of the canvass. A few groups in cafes discussed the situation and expressed opinions on the result, but there was no excitement nor offers to wager any large sums, which has been a feature of previous elections.

Chairman Cortelyou said: "I am satisfied that the Republican candidates for president and vice president will carry every northern state with the possible exception of Maryland and Nevada."

Leader Murphy of Tammany, when asked for a final estimate on the result of the election, said: "Every indication points to a great Democratic success. I refrain from disclosing the figures which warrant this statement because I do not wish to risk the charge of illegal methods in certain up-state sections defeating the will of the people. In previous years I have given accurate estimates of the city vote only to find that the Odell managers provided by fraud election returns to overcome the city majority. Prudence dictates now that the Republican management should not know in advance the majority which New York city will give for the Democratic ticket."

**Kentucky.**  
Louisville, Ky., Nov. 7.—Although the last rallies of a campaign not remarkable for this form of political demonstration have been held, the day before election finds an energetic hunt for votes proceeding in Kentucky, especially in the Third and Fifth congressional districts. The Fifth district, composed of the city of Louisville and Jefferson county, is at present represented by Swager Sherley, a Democrat, but the Republicans, who are more aggressive than usual, are claiming that they will carry the district with a fighting chance of swinging over the Third also. The Republicans declare that if they do not carry the state for the national ticket they will at least cut down the plurality given Bryan at the last election.

**West Virginia.**  
Wheeling, W. Va., Nov. 7.—National Committeeman John T. McGraw and State Chairman O. S. McKinney of the Democratic organization both express the greatest confidence in the outcome of Tuesday's struggle. The Democrats claim that they will elect S. W. Walker in the Second and Allen C. Murdock in the Fourth congressional districts, with good fighting chances for Davenport in the Third and Alder in the Fifth. Dyer (Rep.)

is expected to win over Barnes (Dem.) in the Wheeling district, the normal Republican majority being between 4,000 and 5,000. The Democrats are making a great effort to capture the legislature and the Republican tax reform disaffection is aiding them materially.

**Maryland.**  
Baltimore, Nov. 7.—There are practically no new developments in the Maryland campaign, both sides expressing confidence in the result and each claiming to have derived advantage from the controversy between President Roosevelt and Judge Parker, a subject which has largely engrossed public attention here for the past two days. The Democrats are insistent that they will elect four of the six congressmen from this state and the Republicans are equally positive that they will elect four, in spite of what they allege to be trick ballots gotten up by the Democrats in certain counties.

**New Jersey.**  
Trenton, N. J., Nov. 7.—The Republicans reiterate that Roosevelt and Fairbanks will carry this state by a large majority, and that Stokes will win by a slightly reduced vote. The Democrats, on the other hand, have more confidence in defeating Stokes than they have in carrying the state for Parker and Davis.

**Nebraska.**  
Lincoln, Neb., Nov. 7.—Fusion state headquarters in this city estimate the total vote in Nebraska Tuesday at 225,000. If the former vote can be gotten out Chairman Weber of the Populist committee says the fusion state ticket will be elected and they will control the legislature.

**Ohio.**  
Columbus, O., Nov. 7.—Chairman Dick of the Republican state committee issued the following: "We feel warranted in predicting a plurality for President Roosevelt greater than Ohio has ever given a presidential candidate. The highest previous plurality was 69,035 given McKinley in 1900. The Republicans will, without doubt, carry 17 of the 21 congressional districts." Chairman Garber of the Democratic committee says: "The Democrats will elect congressmen in not less than six districts, which will be a gain of two in the Ohio delegation, and there is great expectation that we may add two additional districts to the six above, making the total number of Democratic congressmen eight. The state ticket will run much ahead of other parts of the ticket."

**Delaware.**  
Wilmington, Del., Nov. 7.—About the most interesting development in the campaign in Delaware is the claim of the Democrats that they will have a majority in the next legislature, which is to elect a United States senator to succeed Senator Ball, anti-Addicks Republican. They base their claim on defection in the Republican ranks over the compromise candidate for governor. The Democrats still think their candidate for governor will be elected and that Parker has a good chance of carrying the state. The Republicans claim the legislature and the state and national tickets, placing Roosevelt's majority at about 3,000.

**Kansas.**  
Topeka, Kan., Nov. 7.—It is conceded by the Democratic state committee that Roosevelt's plurality in Kansas will be about 70,000 but it is claimed by the committee that the Democratic state ticket will be elected because of a complicated ballot system in this state which probably will result in many defective ballots if much scratching is done. It is believed that thousands of Republicans will vote against T. J. Kelly, Republican candidate for re-election to the office of state treasurer, against whom serious charges have been preferred in the conduct of his office.

**Indiana.**  
Indianapolis, Ind., Nov. 7.—It appears that Indiana is Republican by a safe majority. It is the consensus of opinion that W. Kern, the Democratic candidate for governor, will run considerably ahead of the national ticket, but Frank Haney, Republican candidate, will poll fewer votes than President Roosevelt. Indications are that in no change in the complexion of Indiana's representation.

**Illinois.**  
Chicago, Nov. 7.—The state leaders on both sides expect to be hopeful of victory, although indications are apparently in favor of Republican success.

## JAPS

Reported Advancing at Port Arthur

RAPID STRIDES ARE MADE BY MIKADO'S FORCES

But They are Meeting With Desperate Resistance

NEW COMMANDERS ARE NAMED

Winter Deadlock Likely Below Mukden—Skirmishes Between Outposts—War News.

Tokyo, Nov. 7.—The imperial headquarters today issued a statement charging the Russian defenders at Port Arthur with misuse of the Red Cross badges and with maltreating and killing the wounded. A number of cases are cited, among them the following: A Japanese hospital orderly, wounded, was left on the field. The Russians took his badge and then killed him. A wounded Japanese private lay for six days simulating death while the Russians were near. The Russians bayoneted and shot his wounded comrades and robbed him.

**Some Uneasiness Remains.**  
Birmingham, Nov. 7.—The London correspondent of the Post learns that uneasiness remains in ministerial circles owing to the possibility of the Pacific fleet getting into further trouble; also over the prospect that the Russian Black Sea fleet will endeavor to pass the Dardanelles, and add to the dangers of the situation.

The international situation, says the correspondent, continues to be one of great delicacy. As a result the speech of Lord Lansdowne, British secretary for foreign affairs, at the Guild Hall, banquet on Wednesday next is awaited with some anxiety.

**Situation at Port Arthur.**  
Rome, Nov. 7.—The Tokyo correspondent of the Giornale di Roma wires today that Port Arthur is regarded as taken in the Japanese capital. The Russians still hold four forts, but the town itself is open to the Japanese on the northeast. The troops of the Mikado will not enter the town at present, because it is still under fire from the Liaotai mountain forts. All the besiegers' efforts, he adds, will now be directed toward Golden Hill fortress.

**Armies Close Together.**  
St. Petersburg, Nov. 7.—Both General Kuropatkin's army and that of Field Marshal Oyama has now completed the fortifications of their positions along the Shalke river. At some points the fortifications are only a few hundred paces apart. The weather is dry and very cold.

**Mockery to England.**  
St. Petersburg, Nov. 7.—M. Glendon, one of the three officers landed from the Baltic fleet at Vigo, and who proceeded to St. Petersburg, is not a naval officer, but a major in the army. He was simply Admiral Rodjensky's guest and intended to land at Vigo when the fleet left the Baltic sea. The fact that Admiral Rodjensky left him behind as the responsible officer who would give details of the Bagger Bank affair was nothing less than a mockery to England. The czar, it is learned, has loaded M. Glendon with honors. Russian society is hilarious over the farce in sending him to the capital as a representative of the fleet.

**Which Route?**  
St. Petersburg, Nov. 7.—The navy minister seems made to come to a definite decision as to the route Admiral Rodjensky shall take to the far East. Originally it was intended that he should go by the way of the Cape of Good Hope. The necessary coaling arrangements for the route were completed. At Vigo, however, Rodjensky received orders to go via the Suez (Continued on page 2.)

## STILL AT WORK

On Theory That a Fiend Killed Three Girls.

Cincinnati Police as Yet Have No Clue to the Shocking Crimes Committed in the Queen City—Officers are Investigating.

Cincinnati, O., Nov. 7.—The police are still working on the theory that a degenerate fiend is responsible for the murders of Miss Alma Steinigeweg, Miss Louise Mueller, and May McDonald, whose bodies have been found in the same neighborhood within the past six months. They have absolutely no clue, except that the man is supposed to be heavy set, and wore a slouch hat. It has developed that the rings which Miss Steinigeweg usually wore are missing and the glove on the hand on which she wore them was stripped from her hand when she was murdered. It was thought at first that she had left the rings at her home, but a careful search has failed to reveal them. The police now hope to obtain a clue to the murderer, through these rings. It is thought that they may be found in a pawn shop, and careful search will be made for them.

Another fact which leads the police to believe that a fiend who lives in the vicinity is responsible for the deaths of the three women is that two weeks ago, Miss Claussing, the daughter of a gardener who lives in South Cumminsville, was assaulted not far from the scenes of the other murders. She was going home after dark, when she was struck on the head and rendered unconscious. Her body was found on the Cincinnati, Hamilton and Dayton tracks by several men who took her to a nearby saloon and called physicians. There was a gaping wound in her head. She said that the last she remembered was that she was crossing a bridge, some distance from the tracks when a man snatched her purse and struck her on the head. She could not tell whether her assailant was a white or a colored man. It is the supposition that after striking the girl, the man dragged her body to the tracks so as to give the inference that she had been killed by a train. The physicians did not make a report of this assault until after the murder of Miss Steinigeweg. A number of other stories have been related to the police of women who have been accosted or chased by men in the immediate vicinity of the murders within the past few months.

The police are bending all their energies to find a stoutly built man, roughly dressed in a dark suit, wearing a dark slouch hat, new shoes, smooth face, or two weeks' growth of beard, five feet seven or eight inches tall and about thirty-five years old. This man was seen by several witnesses on the fatal night in the vicinity of the murder. He left near the girl's body a pair of canvas shoes wrapped in a newspaper, having put on the new leather shoes he had purchased that evening. He is said to have been very familiar with the locality and could not have lived far away.

## JUDGE PARKER

Spends the Day Before Election at His Home, Rosemont—Will Vote Early Tuesday

Rosemont, Ill., Nov. 7.—Judge Parker, the Democratic presidential nominee, spent the day in his library and about his estate. Later this morning the nominee went horseback riding with Mrs. Parker and his brother, Fred. He returned to Rosemont in time to meet the morning mail, which was burdened heavier than usual. One of the most delicate of these said: "Please read the last clause of the 42d verse of the third chapter of St. Luke," wherein it is written: "Remember me when thou comest into thy kingdom."

No further public utterances are expected from the nominee. He will probably ride to Kingston by train or wagon early tomorrow morning to cast his vote. Several friends of the family will receive the returns at Rosemont tomorrow night.

## FLOOD

Destroys 3000 Houses and Kills Many Chinese People.

Tatouma, Wash., Nov. 7.—Admiral Troughton by the steamer Trenton give the details of a disastrous flood at Chang Chow, China. The enormous water shed and heavy fall of rain flooded the river, raising the highest water known in three centuries. At Chang Chow, 3,000 houses were destroyed and many hundreds of people were carried away in the flood.

This Week at the Fair.

St. Louis, Nov. 7.—A varied program of special attractions has been arranged for the World's Fair this week, which will be known officially as flower show week. The exhibits for this, the greatest flower exposition ever held will cover one acre of land and will comprise an exhaustive collection of the choicest specimens of every flower. All the prominent growers of the country are to compete for the show, prize money and other awards. The prizes at the exhibition of southern range cattle aggregate \$10,000.

The world's longest record on actual practical work has been broken by Mrs. Margaret Cunningham, a court stenographer at Trenton, N. J. She wrote 21,989 words of a legal decision requiring the utmost care in six and one-half hours, actual time, and not a single correction had to be made on the 57 pages covered.

The Pyrenees-Orientales prefecture, at Perpignan, France, will expend \$57,000 for purchasing impregnated pine and oak railroad ties.

## HARDING

Warnock, Burton, Dougherty and Douglass All Decline to Run Against Gov. Herrick.

Cleveland, Nov. 7.—Warren G. Harding, lieutenant governor, Judge Warnock, Albert Douglass, Harry Dougherty and Congressman Burton have all been asked by the anti-Herrick forces of the state, presumably Senator Foraker and his lieutenants, to run for governor. All have declined. They said they would do nothing to prevent Herrick from being re-nominated, that it was due him as it has been to other Republican governors before him. Herrick, when asked today about the stories published broadcast that Harding would oppose him for re-election made this reply:

"Harding is not going to run for governor. I know that to be a fact. He has given me his personal assurance that he would not run against me."

Archbishop's Funeral.

Cincinnati, Nov. 7.—At the foot of the altar of the old cathedral where he officiated for nearly a quarter of a century, the remains of Archbishop Elder now lie in state until the final ceremonies of the church are performed and the last absolution given tomorrow morning. This morning solemn services were held. Thousands of children gazed for the last time on the features of the dead prelate. Archbishop Elder will be buried in St. Joseph cemetery. There is some comment on this as it has been customary to place the remains of dignitaries of the church beneath the high altar of the cathedral. It is learned that Archbishop Elder in his will asked that he be buried at St. Joseph's Cardinal Gibbons arrived in this city this noon.

**A Peculiar Accident.**  
Richmond, Ind., Nov. 7.—Engineer Wm. Eagan, of the Richmond division of the Pan Handle railroad, met with a peculiar accident Sunday while en route to Anderson with a special train. While running at a high rate of speed a car of cattle cars standing on a siding near Greensfork, were passed. A piece of timber protruded from one of the cars, and a huge splinter was driven into the body of Eagan, making a frightful wound and fracturing his right hip badly. Eagan, though suffering from pain and the loss of blood, remained at his post, until he had reversed his engine and backed to Greensfork, where he was given attention by surgeons.

JAY TAYLOR, SEC'Y., THE LIFE PLANT CO., CANTON, O.

FOR SALE BY ALL DRUGGISTS.

KIRKERSVILLE.

After an absence of twenty-four years Col. M. McGruder of Confederate fame, wife and daughter of Hughesville, Mo., are visiting old friends and relatives in Kirkersville.

Mrs. McGruder is the youngest daughter of the late John Harris and a sister of Messrs. George and Jas. Harris and Miss John Day.

Col. McGruder was a colonel in the old original Stonewall Jackson brigade of Virginia. He served with Stonewall Jackson till the latter's death and was with Robt. E. Lee when he surrendered his army. The colonel has been living in Missouri for the last twenty-eight years and is now a traveling man and is well known in the western states. Mr.

McGruder has one son, Mark Austin McGruder, L.L.B.

On Monday night Miss Addie Harris gave a Halloween party in honor of her cousin, Miss Mayme McGruder. It was an old-fashioned Halloween party from start to finish. The large lawn and veranda was aglow with Japanese lanterns and jack-o'-lanterns. The house was beautifully decorated with colored candles. The first feature of the evening was the Prophet. The guests were blindfolded and given stars to toss in the air. The one that fell nearest was the one that told their future destiny. The Prophet then took the star and told their fortune as the star was supposed to reveal it to him.

The Prophet was Charlie Walker, but was so disguised that not one in the crowd knew him. Charlie played

his part fine and received many congratulations during the evening for his witty remarks.

The most important part of the evening was supper, which was served at 9:30. The girls were given hearts with some shape in the center cut out and the boys the pieces, the boys then matched their hearts and took the girls to supper. In the center of the table was a large mirror with a mass of white chrysanthemums for a border, representing a lake, at each end was five large wax candles, which represented quite a festive scene to the guests. Refreshments suitable to the occasion was served, for the first course mince pie, mince cake and coffee. In the second chocolate and fruit. In one of the pies a ring was baked and the one who was lucky enough to get the piece with the ring in it was to be married in the coming year. Christmas Day was the fortunate one. Good for you, Chris, we all wish you success.

Next on the program was a yippy camp. In one room was a square place draped in black and skeleton heads, old bones, snakes and all kind of scary objects could be seen with a little weird light. In one corner sat the old gypsy stirring her herbs. Each guest was eager to be the first to have their fortune told for they all felt as if they had a brilliant future before them. Mrs. Jessie Wells was the yippy in disguise and she surely did justice to the work and made a striking picture as she read their palm and stirred her herbs.

Each guest was given a slip of paper to prophesy what would happen in the next twenty years, the papers were then gathered up and read by the hostess, which afforded amusement for the rest of the evening.

Those who enjoyed the pleasures of the evening voted it one of the best of the social affairs that has happened on Penn street for some time.

Those who enjoyed the hospitality of Miss Harris were the Messrs. Calla Reelhorn, Esta Wilson, Grace Saviers, Jennie Wells, Minnie Klamoth, Andy Looker, Grace Klinek, Edna Hanner, Myrtle Walker, Ora Boone, Blanche Clark, and Iva Meredith of Jacksonport, and Ella Mae Taylor of Millersport; Messrs. John Moore, Harley Keller, Wilbur Day, Fred Walker, Ernest Wells, Ray Cunningham, Arthur Berry, Charlie Walker, Ray Spurgeon, Johnnie Hancock, Isaac Dewese, Elmer Berry, Christmas Day, Earl Baird, Arthur Pryor.

Gain by Chinese Bandits. St. Petersburg, Nov. 7.—General Kuropatkin reported that Lieutenant Colonel Bogdanoff, who was sent by Viceroy Alexieff to explore Mongolia, accompanied by only two interpreters and a courier, was attacked by Chinese bandits on Nov. 5 near Duinbin mountain, on the Chinese Eastern railway, and that one of the interpreters was killed, the others of the party being captured. Cavalry sent in pursuit of the bandits found the corpses of Lieutenant Colonel Bogdanoff, the second interpreter and the courier, which have been brought to Harbin. General Kuropatkin adds that punitive measures will be taken. General Kuropatkin also reports the repulse of a Japanese attack on his right flank on Nov. 5. Six Russians were killed.

St. Petersburg, Nov. 7.—Lieut. Gen. Sakharoff reports today as follows: "Sharp shooters Friday, under Lieut. Vorotnikoff penetrated as far as the Japanese entrenchments in front of Houshi heights. They remained all day exchanging a fusillade with the Japanese. Concentrated Russian fire destroyed the village of Deylato, where the Japanese were taking shelter. The Japanese attempted to damage the Russian masked guns, but were unsuccessful. Sunday night Russian sharpshooters harassed the enemy along the whole line. There was no engagement Saturday."

Governorship in Doubt. St. Paul, Minn., Nov. 7.—Roosevelt will carry this state, the only question being the size of his majority. Republican managers claim it will be at least 70,000, and may go higher. The Republicans are practically certain of a solid congressional delegation. The only uncertain element in the state campaign is the governorship. Newspaper partisanship of John A. Johnson (Dem.) print tabulated polls of the state giving him pluralities ranging from 6,000 to 25,000.

Chinese Visitors Turned Down. San Francisco, Nov. 7.—Twelve Chinese, alleging themselves to be merchants desirous of visiting the St. Louis fair, were denied a landing by the local immigration bureau.

Two Trainmen Killed. Roanoke, Va. Nov. 7.—A Norfolk and Western freight train, westbound from Roanoke, ran into a derailed engine switch near Redford and was wrecked. The engine turned over on Engineer E. B. Lynch of Roanoke and Fireman H. L. Kippes of Blacksburg, killing both of them. The dead men leave families.

his part fine and received many congratulations during the evening for his witty remarks.

The most important part of the evening was supper, which was served at 9:30. The girls were given hearts with some shape in the center cut out and the boys the pieces, the boys then matched their hearts and took the girls to supper. In the center of the table was a large mirror with a mass of white chrysanthemums for a border, representing a lake, at each end was five large wax candles, which represented quite a festive scene to the guests. Refreshments suitable to the occasion was served, for the first course mince pie, mince cake and coffee. In the second chocolate and fruit. In one of the pies a ring was baked and the one who was lucky enough to get the piece with the ring in it was to be married in the coming year. Christmas Day was the fortunate one. Good for you, Chris, we all wish you success.

Next on the program was a yippy camp. In one room was a square place draped in black and skeleton heads, old bones, snakes and all kind of scary objects could be seen with a little weird light. In one corner sat the old gypsy stirring her herbs. Each guest was eager to be the first to have their fortune told for they all felt as if they had a brilliant future before them. Mrs. Jessie Wells was the yippy in disguise and she surely did justice to the work and made a striking picture as she read their palm and stirred her herbs.

Each guest was given a slip of paper to prophesy what would happen in the next twenty years, the papers were then gathered up and read by the hostess, which afforded amusement for the rest of the evening.

Those who enjoyed the pleasures of the evening voted it one of the best of the social affairs that has happened on Penn street for some time.

Those who enjoyed the hospitality of Miss Harris were the Messrs. Calla Reelhorn, Esta Wilson, Grace Saviers, Jennie Wells, Minnie Klamoth, Andy Looker, Grace Klinek, Edna Hanner, Myrtle Walker, Ora Boone, Blanche Clark, and Iva Meredith of Jacksonport, and Ella Mae Taylor of Millersport; Messrs. John Moore, Harley Keller, Wilbur Day, Fred Walker, Ernest Wells, Ray Cunningham, Arthur Berry, Charlie Walker, Ray Spurgeon, Johnnie Hancock, Isaac Dewese, Elmer Berry, Christmas Day, Earl Baird, Arthur Pryor.

Gain by Chinese Bandits. St. Petersburg, Nov. 7.—General Kuropatkin reported that Lieutenant Colonel Bogdanoff, who was sent by Viceroy Alexieff to explore Mongolia, accompanied by only two interpreters and a courier, was attacked by Chinese bandits on Nov. 5 near Duinbin mountain, on the Chinese Eastern railway, and that one of the interpreters was killed, the others of the party being captured. Cavalry sent in pursuit of the bandits found the corpses of Lieutenant Colonel Bogdanoff, the second interpreter and the courier, which have been brought to Harbin. General Kuropatkin adds that punitive measures will be taken. General Kuropatkin also reports the repulse of a Japanese attack on his right flank on Nov. 5. Six Russians were killed.

St. Petersburg, Nov. 7.—Lieut. Gen. Sakharoff reports today as follows: "Sharp shooters Friday, under Lieut. Vorotnikoff penetrated as far as the Japanese entrenchments in front of Houshi heights. They remained all day exchanging a fusillade with the Japanese. Concentrated Russian fire destroyed the village of Deylato, where the Japanese were taking shelter. The Japanese attempted to damage the Russian masked guns, but were unsuccessful. Sunday night Russian sharpshooters harassed the enemy along the whole line. There was no engagement Saturday."

Governorship in Doubt. St. Paul, Minn., Nov. 7.—Roosevelt will carry this state, the only question being the size of his majority. Republican managers claim it will be at least 70,000, and may go higher. The Republicans are practically certain of a solid congressional delegation. The only uncertain element in the state campaign is the governorship. Newspaper partisanship of John A. Johnson (Dem.) print tabulated polls of the state giving him pluralities ranging from 6,000 to 25,000.

# TIE GAME

BETWEEN DENISON AND KENYON SATURDAY AFTERNOON.

Halfback Boggs' Great Work Helped Kenyon to Play Granville Boys to a Tie.

The eleven from Kenyon and Denison struggled fiercely here Saturday afternoon for football honors on the Y. M. C. A. gridiron, the game being played in this city by mutual consent. It developed into the greatest contest ever seen in Newark, and when time was called at the end of the second half, each side had scored a touchdown and kicked goal; the final score being 6 to 6.

Denison scored her first touchdown in exactly six minutes after the game began, by a series of line bucks and other features of straight football. It looked as if the Episcopalians were outclassed, but a stone wall defense developed and for the rest of the half the Baptists were held.

When the second half began Kenyon showed an irresistible offense, and surprised even her own rooters by the way she outplayed her heavier opponents. The ball was for the most part in Denison's territory, and finally Boggs, the giant tackle of the Kenyon team, broke through, got the ball on a fumble on Denison's 20 yard line and ran for a touchdown from which Rock well kicked an easy goal.

Boggs was easily the star of the game. His punting was a feature and in every exchange he gained many yards on Edminston. He also made the most spectacular run of the day, getting through Denison's line and going down the field 50 yards before he was tackled.

Ship, Edminston, Hixon and the always brilliant Roubush played the best game for Denison.

A large crowd saw the game. The lineup:

# THIEVES

RANSACKED ODONTAL HOME ON EAST MAIN STREET

While the Family Was in Columbus Attending the Funeral of the Late Engineer.

During the absence of Mrs. Otto Odenthal and family, who went to Columbus on Sunday to attend the funeral of the late Otto Odenthal, the B. & O. engineer, who was killed in the wreck at North Siding, near Massfield, their residence, 163 East Main street, was entered by burglars on Sunday night and ransacked from cellar to garret. The thieves were evidently in search of money, but the family had taken away the money and valuable papers away with them and the only things missed were a small blue enamelled gold watch and about three dollars in change. The watch belonged to Miss Hazel Wmams, daughter of Mrs. A. Wmams of Columbus, who is a daughter of Mrs. Odenthal. Chief Sheridan was notified of the burglary, and an effort is being made to ferret out the guilty parties.

The funeral services over the remains of Mr. Odenthal were held from the family residence, 163 East Main street at 12 o'clock, noon, on Sunday, and were conducted by the Rev. J. C. Schindler, pastor of St. Paul's Lutheran church, and the funeral was under the auspices of Division 56, B. of L. E., of which the deceased was a member. The remains were taken to Columbus on the 1:40 P. M. train, accompanied by a large number of the members of local division of railroad engineers, and were interred in Greenlawn cemetery.

# Pronounced a Forgery.

The Hague, Nov. 7.—Naboukata Mitsushashi, the Japanese minister to the Netherlands, denied absolutely the statement cabled from St. Petersburg on Nov. 5 that he had organized an attack on the Russian Baltic squadron. If Russia should produce, as the "high authority" in St. Petersburg is quoted as saying would be done, before the international commission a message purporting to have been sent by the Japanese minister, "containing complete evidence that such was the case," Mr. Mitsushashi said the document would be a forgery.

(Continued from page 1.)

canal. When he reached Tangier he received instructions to go via Cape Horn, whither he is now bound, via Maderia. When he reaches the latter port there is now a possibility he will again be ordered to go round the cape of Good Hope.

London, Nov. 7.—Dispatches from Chefoo and Tientsin report that the defenders of Port Arthur have retired to the Liati hill fort, where they are holding out desperately, entrenched, and with 10 guns of large caliber. The Japanese, it is added, are advancing with irresistible energy. More reliable reports do not confirm these statements, but the Tokyo report of the capture of Wantai hill, a dominating fort within two miles of the railroad terminus, shows that the Japanese are making rapid strides.

St. Petersburg, Nov. 7.—New commanders have just been appointed in the far east, including the appointments of Generals Linevitch and Kaulbars to the First and Third armies respectively. Generals Kutnevlch and Selivaoff will command the Twenty-second and Thirty-seventh divisions of the First corps, whose chief, General Meyendorff, is resigning on account of ill health. General Slouchevsky, commander of the Tenth corps, has also resigned, and it is expected that he will be succeeded by General Jzerpitsky.

The sweeping character of these changes may imply that there is no intention on General Kuropatkin's part to assume the offensive during this year's campaign unless an exceedingly favorable opportunity offers. Indeed, it begins to look like a deadlock below Mukden for the winter unless Fort Arthur falls, or the Japanese abandon the idea of renewing the assault upon the fortress there, and settle down to a regular siege, either of which would release enough troops to give the preponderance necessary to try to force the Russians out of Mukden. In fact the latest dispatches from the front indicate that some such move is preparing, though the best opinion at the war office holds to the view that there is not likely to be another big battle this year, one of the indications pointed out being the departure of many military attaches for the winter.

# Bombardments Futile.

General Kuropatkin's Headquarters via Fusan, Nov. 7.—The positions of the two armies are unchanged. The Russians continue infrequent and ineffectual bombardment, principally at night or in the early morning, with heavy guns, devoting their energies chiefly to the Japanese left, where the lines are nearer than elsewhere. The Japanese refrain from replying. There is a sharp exchange, indicating firing somewhere on the lines, almost every night. The cold weather of the past week culminated in a sharp wind and furies of snow. The ground is frozen and the soldiers build few fires for warmth, lest they draw the Russian shots.

# Conditions at Vladivostok.

Chefoo, Nov. 7.—As the result of months of preparation Vladivostok is now strongly protected, according to Captain Halvorsen of the Norwegian steamer Tungu, which arrived here five days out from that port with 700 Chinese refugees, who were unable to live at Vladivostok any longer owing to the high prices of food and other necessities, due to the war. Captain Halvorsen says that the Vladivostok system of fortifications begins many miles outside the city proper, and grows stronger as the city is approached. Ships laden with food, cannon, ammunition and all sorts of military supplies frequently arrive at Vladivostok.

# Japanese Covet Mukden.

Mukden, Nov. 7.—Quiet continues here. The Japanese are still working hard entrenching their front, which begins to look like a continuous fort. It is believed they are preparing seriously to advance, making their front strong, possibly, in order that it may be held by a comparatively small force, while the heavier force engages in flanking movements. There is considerable evidence to indicate that the Japanese will make every effort to force the Russians out of Mukden, not only for the moral effect on Europe, but upon the Chinese as well. Mukden is extremely important to them as winter quarters.

# Gen. Sakharoff Reports.

St. Petersburg, Nov. 7.—Lieut. Gen. Sakharoff reports today as follows: "Sharp shooters Friday, under Lieut. Vorotnikoff penetrated as far as the Japanese entrenchments in front of Houshi heights. They remained all day exchanging a fusillade with the Japanese. Concentrated Russian fire destroyed the village of Deylato, where the Japanese were taking shelter. The Japanese attempted to damage the Russian masked guns, but were unsuccessful. Sunday night Russian sharpshooters harassed the enemy along the whole line. There was no engagement Saturday."

## ELECTION

RETURNS WILL BE RECEIVED BY THE ADVOCATE.

There Are Now 52 Precincts in Licking County—Vote Early Tuesday Morning.

As usual the Advocate will receive the election returns by telephone and telegraph. The Western Union Telegraph will furnish the general election news supplemented by long distance telephone reports. The results in the precincts throughout the county will be furnished by the Independent Telephone company, so that the complete returns will be received at this office promptly Tuesday night.

The Board of Elections has increased the number of precincts in Licking county to 52. The precincts in this city have been increased to 15 and additional precincts have been made in Hanover, Utica, Pataskala, Hartford, St. Louisville, Johnstown, Alexandria and Hebron.

While the ballot is the largest ever voted here the additional precincts will provide additional judges and clerks for counting the vote. It is believed, however, that the returns from the county will be later than usual and owing to the three extra ballots in Newark the returns from the city are expected to be quite late.

Returns should come in early from Cincinnati and Cleveland where the polls close at 1 o'clock, and early returns should also be received from the eastern states.

The polls are open in Newark and Licking county from 5:30 a. m. to 5:30 p. m. standard time. Vote early. After marking the big blanket ballot do not forget the three other tickets that will be given out in Newark precincts. For school board place an X mark to the left of the six names you wish to vote for, as six members of the school board are to be elected. Vote also on the proposed issue of bonds to build a school house in Woodside, and on the question of granting a natural gas franchise to the Heisey company.

The above is the emblem at the head of the Democratic ticket, which is to be voted tomorrow, and the proper way to mark it. The ballot is so large this year, that the voters will have little time in the booth to mark it any other way than to put the X in the circle under the rooster. It is the straight ticket that always counts, anyway.

## ELECTION TOMORROW.

Polls open at 5:30 a. m. and close at 5:30 p. m., standard time.

If you don't vote early, fellow Democrats, the polls may close too early for you.

## The Better Qualified and Safer Man Should Be Elected.

Compare the relative merits of the two candidates for Auditor and let their relative qualifications and merits decide who should be elected. The Auditor's office requires men qualified in bookkeeping and accounting, and in this Mr. Riley's qualifications are eminently superior to those of his Republican opponent. The business record of the two men, which is another important consideration, has become so well known as to show that Mr. Riley is far more worthy of public confidence than is his opponent. That the county's business and financial affairs will be much better taken care of under the administration of Mr. Riley is indisputable, and he should be elected by a decisive majority.

The campaign winds up with the trusts all lined up for Roosevelt. The people, therefore, should line up for Judge Parker.

## Vote Early.

Every Democratic voter should take into account the fact that the unusual size and number of the ballots will require more time to do the marking in the booth than has ever been known before. The casting of the ballots will necessarily require much more time than usual, and for this reason the safe plan is to go to the polls early. These who wait till evening run the risk of losing their votes in consequence of the great rush that so often occurs toward the closing hour. Get your ballot in the box early, lest you lose your vote.

Lest you make a mistake in attempting to mark the big ballot tomorrow, fellow Democrats, and lose your vote, place your X mark in the circle under the rooster, and nowhere else. Then you will have done your whole duty, and there will be no danger of your vote not being counted.

While the A. T. is speaking of apologies, hadn't that paper better make a proper apology to William Linko for the falsehood it invented regarding those promises as to deputies. Mr. Linko has called the A. T. down on its false assertion, and the only answer the paper offers is cheap, scurrilous ridicule, which simply places the organ in the light of glorying in the practice of inventing and manufacturing out of whole cloth campaign lies on Democratic candidates. And this is the paper that raises a holy howl when the plain truth is published on the business record of a Republican candidate that is by no means enviable.

## ELECTION TOMORROW.

Polls open at 5:30 a. m. and close at 5:30 p. m., standard time.

Democrats, do not fire into the air. Vote straight for Judge Parker and the Republic. Vote straight against Roosevelt and Imperialism. Vote straight against Roosevelt and trusts. Put your X mark in the circle under the rooster and nowhere else on the ballot. It is the straight ticket that counts, for it can't be thrown out on a technicality.

Lest you make a mistake in attempting to mark the big ballot tomorrow, fellow Democrats, and lose your vote, place your X mark in the circle under the rooster, and nowhere else. Then you will have done your whole duty, and there will be no danger of your vote not being counted.

## All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system. Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

## Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

I had salt rheum on my hands, so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared. Mrs. J. A. Brown, Rutherford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

## PARKER IMPALES ROOSEVELT

(Pittsburg Post.)

President Roosevelt, with characteristic impetuosity, ignored the advice of his friends and experienced political advisers, and Saturday morning gave to the public what purported to be a denial of the charges made by Judge Parker that the great tariff-protected trusts had contributed large sums to the Republican campaign fund, with the understanding, expressed or implied, that they were to be duly rewarded therefor. Mr. Roosevelt used strong language, and appeared to be highly indignant, but he did not meet the issue presented by Judge Parker. The latter makes this clear in his speech delivered Saturday evening in Brooklyn.

The Democratic candidate points out that Mr. Roosevelt in fact admits that the trusts have made contributions to the Republican campaign fund, trying to weaken the effect of this by saying that they have also contributed to the Democratic campaign fund. Judge Parker denies this. He declares that when he was nominated he gave instructions to his campaign managers not to receive any funds from any such source, and that he did not propose to be placed under any obligations to those whom under oath of office he would be compelled to prosecute.

Judge Parker declared that if Mr. Roosevelt had taken the same course he would have done justice to his old-time reputation. But he did nothing of the kind. Even after his attention had been called to the fact that the trusts were contributing to the Republican campaign.

## ELECTION TOMORROW.

Polls open at 5:30 a. m. and close at 5:30 p. m., standard time.

Do you respect the memory of Thomas Jefferson, the author of the Declaration of Independence? If so, cast your ballot tomorrow for Judge Parker and the whole Democratic ticket. Vote against Jefferson's defamer—vote against Roosevelt.

## Vote for Judge Parker.

## Vote for the Republic.

## Vote against Imperialism.

## Vote against Trusts.

## Vote Early Tomorrow.

## The "Mud" Ordinance.

(Communicated.)

In regard to the "mud ordinance" over which the American-Tribune is so much exercised, I desire through the Advocate to make a brief statement.

This "mud" or sprinkling ordinance is for the benefit of the public in general, and not for myself as the Tribune says. I was solicited by a number of friends to introduce the measure, as the Advocate pointed out forcibly last week, as many deemed it necessary to regulate the use of water on the city streets.

There are some, who thoughtlessly abuse a privilege and all have seen people stand upon a sidewalk and pour water into the street until it is a veritable mudhole. If sprinkling is properly done it is a benefit to all but when the streets are drowned the streets are made an inconvenience for both drivers and pedestrians. Where water is too freely used, the streets are washed out and filled with bumps and ruts, whereas if water is used sensibly, if enough sprinkling is done to lay the dust and not make the street a mudhole, the street is preserved and nobody is inconvenienced by having to wade or drive through several inches of mud.

The sprinkling ordinance was introduced for the good of the people of Newark and after its passage by the council those who voted for its passage were complimented by many.

I solicit the support of the Third ward voters and will assure them that I shall, if elected, do all in my power for the interest of the ward and of the entire city.

JOS. R. MOSER,

Democratic candidate for Councilman from the Third ward.

## DISORDERS

### IN ITALY FOLLOW RIOTING IN AUSTRIA.

Fighting Renewed at Innsbruck.—The Funeral of a Victim of the Riots.

Milan, Nov. 7.—About 500 students gathered in the center of the city, crying "Down with Austria," and called to the balcony of his hotel the Innsbruck correspondent of Il Corriere Della Sera, who had just arrived from that place after having been severely maltreated by the Germans. Subsequently four Germans who were sitting in a cafe began singing "Die Wacht am Rhein." Requests that they cease were met with further insults and declarations that the Italians were cowards. A fight, in which sticks were used, then ensued, and a number of persons were injured. The police, however, restored order.

When the present premier, M. Giolitti, came into power a year ago, he found the relations between Italy and Austria in a very disturbed condition in consequence of the fact that anti-Austrian demonstrations had been tolerated by Signor Zanardelli, his predecessor, who, it is alleged, winked at the propaganda for the union with Italy of the Italian provinces that are still subject to Austria. Signor Giolitti changed all this and assured Austria she had nothing to fear from Italy. This was publicly emphasized by the meeting at Abazia in April last of Signor Tittoni, the Italian minister of foreign affairs, and Count Goluchowsky, the Austrian chancellor. However, Austria's denial of the request of her Italian subjects for a national university at Trieste led up to the troubles at Innsbruck, which have endangered good relations between the two governments.

Behind all other explanations of the Innsbruck affair is the racial hatred between Italians and Austrian-Germans in Italian provinces subject to Austria, the latter element having vainly tried for five centuries to Germanize the provinces. Austria's refusal to establish an Italian faculty in the University of Trieste has been attributed to the fear that it would result in the university becoming the center of anti-Austrian propaganda, but recently it was decided to institute an Italian faculty at the Innsbruck university. This went into effect on Nov. 3, when the rioting began. The disturbances, it is alleged here, were provoked by aggressions on the part of the Germans. The cabinets of Vienna and Rome are doing what they can to smooth over the difficulty.

Disorders have been renewed at Innsbruck. A mob paraded the streets, whistling and cat-calling and throwing fireworks under the feet of horses of the gendarmes who were attempting to disperse them. Reinforcements for the gendarmes finally arrived, scattered the rioters and closed the road to the imperial palace to all traffic.

## Funeral of the Artist.

Innsbruck, Nov. 7.—The body of the artist, Prozy, who was stabbed through the heart with a bayonet during the rioting here the night of Nov. 3, was buried in the Innsbruck cemetery in the presence of a great crowd and with an imposing ceremony. A strong force of gendarmes kept the riotous crowd from promenade the streets, singing German patriotic songs; and 3,000 people assembled in Maria Teresa street, where Defumata Berger and Stein delivered inflammatory addresses. The police interposed and the two deputies fled to the station, where they took a train for Vienna to avoid arrest.

## Girl Assaulted.

Dayton, O., Nov. 7.—Miss Forest Worrell, 24, the daughter of Mrs. Ann F. Worrell, was the victim of a criminal assault perpetrated by an unknown man, in the extreme southern portion of the city. After a struggle the girl was finally overpowered and dragged for a distance of 200 feet into an open field, where she lost consciousness. She is in serious condition.

## Illegal Registrations.

Cleveland, O., Nov. 7.—The secretary of the board of elections says that there is evidence of many illegal registrations, and that the number may reach 1,000. Warrants will be sworn out as quickly as possible and put in the hands of the police. Only five arrests have been made of 75 persons charged with illegal registration, as was shown by the examination of the polling lists.

## Ohio Man Murdered.

Chicago, Nov. 7.—The body of J. H. McPherson of Troy, O., was found immersed in a pool of muddy water in an alley here. It is the belief of the authorities that McPherson, who had exhibited some small amounts of money, was lured into the alley, slugged when at the far end, and robbed and afterward thrown into the ditch.

## Fatal Leap.

Columbus, O., Nov. 7.—George Connor, who failed to take his life in the city prison a few weeks ago by leaping from the top of the cages to the stone floor, jumped headfirst to his death in St. Francis hospital Sunday. The top of his head was crushed. Death was instantaneous. He came here from Indiana.

Cincinnati, O., Nov. 7.—The removal of the remains of Archbishop Elder from Seton hospital to St. Peter's cathedral was one of the most numerous attended occasions in the history of Cincinnati. Along the line of march of the solemn procession of clergy, parish school children, Catholic societies and others even the house-tops were crowded. At the hospital Archbishop Moeller, Chancellor Dutton and Father Nau chanted the De Profundis. When the archbishop and clergy received the remains at the cathedral, the Franciscan Fathers chanted the office of the dead, the Vespers. Then the waiting multitude passed through to view the remains, which are to lie in state until the obsequies on Tuesday.

Bement of the Central Baseball league sent out an official call from Evansville for a meeting of the league magnates at the Grand Hotel in Indianapolis, Tuesday, Nov. 15. The report of the circuit committee will be heard at this meeting and the circuit for the 1905 season formed. It is likely that Springfield, O., will take the place of Marion, Ind., in the league.

Tobacco Growers Active. Mt. Sterling, Ky., Nov. 7.—The tobacco growers of this county succeeded in securing 1,100 acres out of 1,400 for the Blue Grass Growers' association. In Bath county they secured 2,200 acres. The card of W. B. Hawkins caused a revolution among the promoters in the various counties, and they have accomplished much in the past few days.

### AT Y. M. C. A.

A NEW SERIES OF MEETINGS COMMENCED SUNDAY.

Next Sunday Revs. T. W. Locke and H. N. Miller will give addresses at Taylor Hall.

The first in the new series of meetings at the Y. M. C. A. Sunday on "Contrasts of Choices" proved very interesting. Rev. J. B. Boyce presented a study of "Lot" showing how his selfish choice of the best lands when he and Abraham dissolved partnership proved most disastrous to himself and family. For selecting those lands there threw him into close proximity to wicked Sodom. A man's environment, whether he comes to it by choice or by necessity, usually very largely influences his moral destiny. In contrast to "Lot," Rev. L. S. Boyce presented the character "Abel" who as a young man fled from the courts of Egypt where he might have been a favorite, and took up his life with his own oppressed people, choosing rather to suffer affliction with the people of God than to enjoy the pleasures of sin for a season. The grand career of Moses shows how noble was his choice and we can but contemplate how disastrous would it have been for him had he not chosen as he did.

In the opening song service Mr. Ben E. Hoover sang very effectively the solo, "Beside Still Waters." Next Sunday Rev. T. W. Locke and Rev. H. N. Miller will give the addresses. The contrast will be between "A High Church official yielding to the worldliness of his time," "A Leader of the people avowing his loyalty to God."

"Little Girls" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures the colds—cures big colds, too, down to the very verge of consumption.

#### Left the Tracks.

Middletown, N. Y., Nov. 7.—Express train No. 3 of the Susquehanna and Western, from Jersey City, was wrecked near this city. The engine and three coaches left the track, turned on their sides and plowed through the dirt for several rods. The engine was badly damaged. Engineer Pellison, though barred under the debris, escaped serious injury. None of the passengers was injured. The accident was caused by a fish-plank being driven between the rails of the switch and the main track, apparently for the purpose of wrecking the train.

### AT TAYLOR HALL

Election Returns Will be Received on Tuesday Night by Telephone—All Are Invited.

The Y. M. C. A. will have "open house" Tuesday night from 8 o'clock till midnight. Members, and their friends, both ladies and gentlemen, are invited to spend the evening there. Election returns will be received over the Central Union Telephone by stereopticon in Taylor hall. An orchestra will be present to furnish music. An exceptionally fine line of stereopticon views on "The Wonders of the World" will be shown throughout the evening, and "The Spa" will furnish all kinds of good things to eat.

The Y. M. C. A. will, therefore, be the ideal place to receive the election returns.

### STRANGE WAIL

Head by the Corn Cutters in a Big Field and They Cannot Explain It.

Bowling Green, O., Nov. 7.—A 200-acre field of corn four miles west of Portage contains a mystery which as yet has not been solved. Up to Thursday 15 men were engaged in husking the corn and for some days had been annoyed by a wailing sound. They became alarmed at last at these warnings and quitting their labors instituted a search for the cause of the strange sounds, which resembled the wailing of a child in distress.

Every foot of the ground has been come over and still the mystery remains unsolved. The big corn field has been visited by hundreds of people who have searched for a big field of corn, hearing that a child had been lost in the wilderness of standing corn. The entire locality is greatly worried up over the affair.

The farm is owned by Stephen Lacy and adjoins the W. C. farm where a few years ago.

Woolen Mills Company Incorporated, Mt. Sterling, Ky., Nov. 7.—The Salt Lick Woolen Mills company has been incorporated with \$250,000 capital. A new plant will be erected. The incorporators are C. C. Johnson of Salt Lick and M. P. Chaffin and W. B. Farrell of Lexington.

### GOOD HAULS

It is Believed That All of the Jobs Were Done by One Gang of Men.

Columbus, O., Nov. 7.—Late in the week the Chief of Police called the attention of patrolmen to the numerous burglaries about the city and admonished them to be watchful. No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had analyzed made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup, whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by all druggists.

Democratic Aspirations. Concord, N. H., Nov. 7.—The Democrats have put forth strong efforts in being about the election of Frank C. Miller for governor. A circular was issued to 3,500 Republican voters urging them to support Miller. The Republicans, however, are confident of the success of both radical and state tickets. The House question will be voted upon Tuesday in each city and town in the state.

Sensational Report Denied. Mt. Sterling, Ky., Nov. 7.—Judge W. Taylor of Menifee county denied over the telephone a report previously spread from that county that Tipton had wanted on the charge of having killed United States Marshal Howard Wilson three years ago, had been killed by two officers who sought to arrest him and who were themselves killed by Day.

## FALLSBURG

Meeting Addressed by Judge Brister and Wm. J. Shields Jr., Saturday a Big Success.

One of the grandest Democratic meetings of the campaign, was that held in Fallsburg township on Saturday night. The staunch Democracy of the township turned out in large numbers and filled the township house to its utmost capacity.

Mr. E. H. Funk, one of the hardworking Democrats of the township, presiding as chairman of the meeting, and made a few telling remarks on taking the chair.

Mr. William Shields Jr. and Judge E. M. P. Brister, of this city, were the speakers of the evening. They discussed in a most thorough manner the trusts, tariff and imperialistic policy of the present administration, and were listened to with the closest attention until the close of the meeting, which will no doubt result in much good.

## Times Have Changed.

Andrew Carnegie, who presided at the dinner, gave as the opening toast, "The Rulers of the Two Great English Speaking Peoples," and after it was drunk, standing, the orchestra played "The Star Spangled Banner," which followed by all present joining in and singing alternate verses of "America" and "God Save the King."—Report of Steel dinner at Waldorf-Astoria.

"Rulers," Lord save the world: Once it had been absurd, When we were free; Now how the title thrills Through tales and templed hills— Gladly we pay the bills Of sovereignty!

"Suffragists, Yankee Kings," Follow the slogan rings; Once it was true, Carnegie's sound at core, Hypocrites gloss it over, Edward or Theodore "Rules" over you

"Servants" were good enough, When Freedom was the "stuff"— Food memory! Uncle Sam's hired men Did what he told 'em, then; Now they're the upper ten, He bends the knee.

Ted, walking delegate, Striding about in state, Makes law, you see, Eagle's a helpless bird; "Rulers!"—Lord save the world! Once it had been absurd, When we were free!

## MR. F. D. HALL OUR LOCAL DRUGGIST,

Says That the Wonderful Popularity of Vinol is Due to Intrinsic Merit.

"The intrinsic merit of this new cod liver oil preparation, Vinol," said Mr. Hall, "is beginning to be realized by the people of Newark. Of course in my position as a druggist I have seen innumerable medicines and proprietary articles introduced, but never in my long experience have I ever known or heard of a medicine that would produce more beneficial results than Vinol."

"I attribute this to the fact that Vinol contains in a concentrated form all the medicinal elements contained in cod liver oil, actually taken from fresh cods' liver, but without a drop of oil or grease to nauseate and upset the stomach, and it contains no sickening drugs."

"A prominent physician writes: 'Vinol is the most valuable preparation of cod liver oil known to medicine. It is of untold value to create strength and build up the general system for old people, weak women and children, and it has no equal for hard colds, bronchial and all lung affections.'"

"In cases where cod liver oil, emulsions and other tonics fail, Vinol will heal, strengthen and cure."

"There are hundreds of people right here in Newark, who can testify that there is nothing equal to Vinol to make rich red blood, to increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run-down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent."

"We freely offer to return your money in every case where Vinol fails. Try it on this guarantee." Frank D. Hall, Druggist.

Don't forget to vote for the A. H. Heisey Natural Gas franchise.

## FOR HALF A CENTURY A PROPEROUS FARMER

Geo. W. Moore, for Whom Moore's Corners Was Named Lives Near Pataskala.

George W. Moore, for whom Moore's Corners was named, has lived for half a century on his broad and fertile acres near Pataskala, and is known as one of the staunch, reliable citizens of that locality. Aside from being a successful farmer, Mr. Moore has the distinction of being a G. A. R. member who fought through the war in the famous old 44th and 13th O. V. I. regiments, and he tells many interesting incidents, among them an adventure in which he and Judge David F. Funk participated, the latter, according to Mr. Moore, forgetting the co-sentencing in making the "grand rounds."

Mr. Moore was captured by the Confederates at North Mountain, Va., in 1864, "but we didn't agree," as he tells it, "and I left 'em." In other words, Mr. Moore made his escape from his captors, and his flight was a thrilling one. He has passed the three-score and ten mile stone of life, but he is still a hale and hearty man who enjoys the society of his friends at his hospitable home.—Columbus Dispatch.

Cheap Natural Gas—do you want it? If so, vote for the Heisey franchise, 21

Animal Killed by Arthur Thomas With a Club After a Desperate Fight. Dindore Bitten.

Lancaster, O., Nov. 7.—On Main street Saturday evening, where about a thousand people were congregated, a large St. Bernard dog was stricken with rabies and ran snapping through the crowd. The canine finally sprang at Arthur Dindore of Hamburg, and bit him severely in the hand. Art Thomas seized a club and attacked the dog, and a hard fight ensued, until a well directed blow crushed the dog's head. A panic ensued among the people, and that no one was injured is a miracle. Dindore will probably be sent to the Pasteur Institute.

## AMUSEMENTS

### THE MIDNIGHT FLYER.

Rarely has a dramatic event excited the wide and deep interest that has been shown in Ed Anderson's big scenic production, "The Midnight Flyer." Seldom of ever, has a stage offering received such superlative praise from the newspaper press and such attention from ecclesiastical publications. Not only have all classes of regular theatre goers been attracted by "The Midnight Flyer," but all other circles have patronized and endorsed it. "The Grand Illuminated Scenic," "The Mammoth Ship Scene," "The Storm at Sea," "The Realistic Ship Wreck," "The Adirondack Mountain in Winter," and "The Thrilling Railroad Scene" are some of the scenic effects that are to be seen in this big production. The play was staged by Mr. Anderson and the supporting company is of that high excellence always seen in productions given by this well known and popular manager. Every piece of scenery that is carried for this great play will positively be used. The engagement is for one night only and will be at the Auditorium Tuesday, November 8. Prices, 25, 35 and 50 cents. Seats on sale at the box office. Election returns will be read from the stage between acts.

### HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character, far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Nidoro's Herpicide.

Destroy the cause you remove the effect. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## TELEPHONE

Local Company Will Receive and Distribute Returns on Election on Tuesday Night.

Manager C. E. Hollander of the Newark Independent Telephone company, says that both local and general election returns will be received over the independent lines Tuesday night for the benefit of subscribers of the company.

The local company has telephones in every section of the county, and will receive the returns promptly from the country precincts and the general news of the election will be received over the long distance telephone lines of the United States telephone company, with which the local exchange is connected.

The full day force of operators will be on duty but owing to the immense amount of business many lines will not doubt be "busy" and subscribers are asked to be as patient as possible. The local exchange has over 3500 subscribers not counting the 2000 subscribers located all over the county.

Information will be furnished as rapidly as possible without charge to all patrons of the company. Owing to the big ticket and the extra ballots in Newark city, the local returns are expected to be much larger than usual, but reports from Cleveland and Cincinnati should be received as early as in former years. In the two largest cities of the state the polls will close at 4 o'clock, but in every other precinct in Ohio the polls will be open until 5:30 o'clock.

## EXPLOSION

OF NATURAL GAS AT THE HOME OF F. L. MEREDITH.

Mrs. Meredith Painfully Burned Sunday Morning and Some Damage Done to the House.

An explosion of natural gas occurred at the home of Mr. F. L. Meredith, the well known B. & O. express messenger, 366 Hudson avenue about 7 o'clock Sunday morning, in which Mrs. Meredith sustained painful and serious injuries. Mrs. Meredith was in the bath room. All the gas had been turned off for over an hour. Mrs. Meredith struck a match. In an instant a terrific explosion occurred and the room was a mass of flames, and it is a wonder that Mrs. Meredith escaped alive from the room. As it was her right arm and side were severely burned, and she was slightly burned about the head and face. It seems that the gas had been escaping owing to a leak for some time, and considerable quantities of it had accumulated about the ceilings of the rooms and in the garret over the kitchen. When the explosion occurred the force was so great that the large west window in the parlor was blown out, as was the south window in the dining room, and in the garret the south wall was pushed away from the ceiling several inches.

It is thought there may be a leak in the house pipes and they will be thoroughly overhauled.

Dr. J. P. Lalimer was the attending physician.

## NEWARK

WCN THE GAME BY THE SCORE OF 23 TO 0.

The High School Boys Return Victorious from the Contest at Uhrichsville, Ohio.

The invincible Newark High school football team played its usual soccer game at Uhrichsville on Saturday afternoon, defeating its opponent and piling up a score of 23 to 0. The Newark boys played a great game and completely overwhelmed their opponents by their terrific team and individual work which pleased the on-lookers among whom were a large number of high school students from New Philadelphia who cheered every play of the Newark boys. Every member of the team showed up well, which speaks highly for the work of Coach Dille.

Special mention of the work of Nehls, tackle, and Pine, half, should be made, also the spectacular run of quarterback Kinsey, during the last three minutes of play which secured a touchdown for the Newark team.

The Uhrichsville team played a good game but were no match for Newark's strong eleven, as is shown by the score piled up against them.

### ELECTION TOMORROW.

Polls open at 5:30 a. m. and close at 5:30 p. m., standard time.

Election returns will be received at Schaller Bros. by special wire.

## JOHNSTOWN

Meeting Held Saturday Night Was Addressed by H. H. Sparks and Roderic Jones.

One of the best and most enthusiastic Democratic meetings of the campaign was held at Johnstown on Saturday night. The meeting was held in the City Hall, which was filled with the staunch Democrats of old Monroe township. Mr. W. A. Ashbrook presided and introduced the speakers, Attorneys H. H. Sparks and Roderic Jones, of this city. Both gentlemen thoroughly discussed the issues of the campaign, both national and local, while Mr. Jones devoted considerable time to the congressional fight in this district. The meeting was a good one.

## INTO A PIE

BABY FELL, BURNING HER HEAD SLIGHTLY.

Reports Published Elsewhere Saturday Evening Were Incorrect—Baby Not Seriously Hurt.

Black Hawk, O., Nov. 7.—The sensational reports sent out from this place and published in certain papers regarding the burning of the little six-year-old daughter of Mr. and Mrs. Len Bowman of this place, were greatly exaggerated, and have caused no end of annoyance to the family. The real facts in the case are that the child was not burned at all by her clothing catching fire from a grate. Her mother had taken several pumpkin pies from the oven which she had placed on the floor to cool, when the little girl in playing about the place, stumbled and fell, her forehead coming in contact with one of the hot pumpkin pies slightly burning her. In fifteen minutes after the accident she was playing about the house as usual. The little girl is a daughter of Mr. Len Bowman, section boss on the Columbus, Newark and Zanesville interurban.

Lest you make a mistake in attempting to mark the big ballot tomorrow, fellow Democrats, and lose your vote, place your X mark in the circle under the rooster, and nowhere else. Then you will have done your whole duty and there will be no danger of your vote not being counted.

Plaintiff alleges that on August 22, 1904, he purchased a ticket from Newark to Columbus, and that at some point between Newark and Hebron, the conductor refused to carry the plaintiff on the ticket, and demanded cash fare. The plaintiff says that when he reached Hebron, the Conductor and motorman assaulted him, and endeavored to eject him from the car; that they tore his clothes, broke his cuff buttons and hit his hat and struck him across the knuckles of his right hand; that in order to avoid being ejected from the car he was obliged to pay and did pay the defendant for his passage to Columbus, in addition to the ticket purchased, 60 cents. ### VOTE "YES"

New Eight Room School House in Woodside Addition is Sorely Needed.

There is said to be some opposition in the city to the school bond issue on the ground that the school board is asking for too much money. The fact is that among some people that it is proposed to build a four-room building and that \$25,000 is too large a sum.

The fact is that the board has planned for an eight-room building and to build a structure of the right kind and equip it will require about \$25,000. The town is growing and nearly all of the school houses are now crowded. This additional building is needed badly and the board is making no mistake in deciding to erect an eight-roomhouse.

Several "overflow" rooms are now in use in Newark.

Every member of the school board favors the construction of a

house and the Advocate indorses the action taken by the board.

When you vote Tuesday do not forget the bond issue. Place an X mark to the left of the word "Yes" on this ballot. Greater Newark needs this school house.

Let the word go out that Newark is a growing town but that her school

facilities are inadequate. What will be the result?

The members of the present school board are honorable and honest men. They will not squander the money placed in their keeping. Vote "Yes" on the school bond issue.

### SCHOOL TICKET

Newark voters, when you enter the election booth tomorrow do not forget to vote the school board ticket so that your vote will count.

Six members of the Board are to be elected. There are three tickets in the field, and there are three names on each ticket. Place an X mark to the left of SIX names on your ballot. In this way your vote will be counted for the six men whose names you mark.
